

# 288 No-light-jump delivery box specifications

## Overview

Number of modules 26 pieces, possibility of gradual expansion Capacity of 12x SC-SX or 12x LC-DX adapters Maximum capacity is 288/576 + 24/48 SC/LC ports Maximum capacity for subscribers is 288 for SC/LC (max. 11 PLC splitters) Use for patchcords max. Utilising the Clearview® Black Ribbon Cassette, the FieldSmart Fibre Delivery Point (FDP) gives service providers plug-and-play integration based upon the configuration on requirements of their application. Feeder fibers, distribution fibres, splitter modules. TARS Transition Box Module is rugged and compact solution designed to manage the transition and distribution of high-density optical cables in data centers. Ideal for applications that require superior protection, efficient organization, and easy accessibility for optical cables with up to 288. Small FDH cabinet with 288 ports, LC/APC, no splitters, dry dielectric flat ribbon, 100 ft stub, 72F feeder, 288F distribution pad mount with 8 in riser Finish making your selections or clear them to view relevant specifications. You are about to download a machine translated document. To prove. it within the optical fiber access network. The distribution box can be extended by a pole holder.

## Article Content

288 cores outdoor fiber distribution cabinet

Telhua's 288-core outdoor fiber distribution cabinet features universal rack mount brackets for easy 19/23" rack integration. IP65-rated, high-density solution for reliable, scalable network deployments.

FD5M-288S00DDB4

Small FDH cabinet with 288 ports, LC/APC, no splitters, dry dielectric flat ribbon, 100 ft stub, 72F feeder, 288F distribution pad mount with 8 in riser

288+ USER MANUAL

The 288+ has added two new insulation resistance tests (50VDC and 100VDC) to complement the 250VDC and 500VDC insulation tests that were present in its requirements for increasingly popular

Microsoft Word

However, it is recommended that these boxes conform to the intentions of this specification, particularly the safety of the carrier and customer and the protection of the mail.
