

Brand of 6-core smart building optical cable in the Democratic Republic of Congo

Overview

Taihan Fiberoptics worked on the local construction for about one year and succeeded in building the 620km long fiber optic cable that connects the capital of Congo, Kinshasa and the west coast city, Muanda. Therefore, based on the 93 million dollars of the subsidy supported by the World Bank, Congo worked on the fiber optic cable construction project throughout the capital and the southeastern economic center (Kinshasa-Lubumbashi-Goma), under the supervision of the SOCOF (Societe Congolaise de Fibre). This updated list ranks the 20 largest fiber-optic cable companies worldwide and summarizes what each vendor is best known for—core product lines, regional strengths, and typical project fit. Use it as a fast shortlist when planning new FTTH/FTTA or data-center builds. We note certifications. On January 26th, 2024, the first batch of comprehensive cabling products from Potevio Cable Group was shipped to the Ethiopia region in Africa, marking a new milestone in the group's international market layout. For most enterprise-grade. The self-developed FarBand® Ultra G.
