

Determine if this distribution box belongs to

Overview

You can find all distribution lists a user belongs to using the Exchange Admin Center. In the Exchange Admin Center, click "Recipients" in the left-hand menu, then click "Mailboxes". PowerShell provides a powerful and efficient way to retrieve information about a user's distribution group memberships. In this comprehensive article, we will explore how to leverage the power of PowerShell to retrieve all distribution groups for a user in Office 365, streamlining administrative. By looking at the Membership section of the person's Contact Card in Outlook, you will be able to see all of the distribution lists and groups that the person belongs to. This can be accomplished by displaying person's "Contact Card" in MS Outlook. Type person's last name or UWin ID in "To" field. Is there a specific PowerShell script or any other method that I can use to list down all the Distribution List, Microsoft365 Groups a specific member is a part of?

A script to list down all the Shared-Mailboxes a user has permission to would be appreciated too.
