

Eds-405a-mm-sc switch fiber optic

Overview

Entry-level managed Ethernet switch with 3 10/100BaseT (X) ports, and 2 100BaseFX multi-mode ports with SC connectors, 0 to 60°C operating temperature Note: When connecting a single-mode fiber transceiver, we recommend using an attenuator to prevent damage caused by.

Entry-level managed Ethernet switch with 3 10/100BaseT (X) ports, and 2 100BaseFX multi-mode ports with SC connectors, 0 to 60°C operating temperature Note: When connecting a single-mode fiber transceiver, we recommend using an attenuator to prevent damage caused by.

Moxa's Layer 2 managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC 62443 standard. We offer toughened, industry-specific products with multiple industry certifications, such as parts of the EN 50155 standard for rail applications, IEC.

Industrial Managed Ethernet switch, Ports: 3 Auto negotiation speed Full/Half duplex mode Auto MDI/MDI-X connection, Temp: -10 to 60°C (14 to 140°F)

Industrial Managed Ethernet switch - Entry-level managed Ethernet switch with 3 10/100BaseT (X) ports, and 2 100BaseFX multi-mode ports with SC.

5-port entry-level managed Ethernet network switch 12Vdc / 24Vdc / 48Vdc (redundant dual inputs) DIN rail mounting IP30 53. 26A (24Vdc) Commercialized EDS405AMMSCTEDS-405A-MM-SC - Network Switch - Managed 5 Ports IP30 from Moxa. View datasheets, pricing and availability from DigiKey now!

The Moxa EDS-405A-MM-SC is a robust 5-port compact industrial Ethernet switch designed for demanding environments, featuring multi-mode fiber optic connectivity with SC connectors. This switch excels in providing reliable data transmission over extended distances, making it ideal for industrial.

Industrial Smart Ethernet Switch with 3x10/100BaseTx Ports, 2xMulti Mode 100BaseFx Ports, SC Type Connectors, Extended Operating Temperature -40. +75°C, RoHS Managed Fast Ethernet switch EDS-405A--MM-SC-T by MOXA is a more robust version of a basic model. The device houses 3 10/100 BaseT and 2.
