

Fiber optic Ethernet switch with 3-year warranty 200G

Overview

The Alcatel-Lucent SFM2-200G High-Speed Fiber Optic Module is designed for high-speed data transmission over fiber optic networks. Compact PoE switch with built-in UPS and smart battery charger – because your CCTV cameras and access points deserve true off-the-grid resilience. A compact 1U 400G switch built for AI clusters, storage fabrics, and high-speed aggregation, featuring four 400G QSFP56-DD ports, dual 10 Gigabit. TSW200 is an industrial Ethernet switch with 2 SFP ports for long-range Fiber-optic communication and 8 Gigabit Ethernet ports that support IEEE802.3at Power-over-Ethernet standards. Classified as power source equipment (PSE), it enables the centralization of the power supply. SN4600 is a 2U 64-port 200GbE spine that can also be used as a high density leaf, fully splittable to up to 128X 10/25/50GbE ports when used with splitter cables. SN4600 allows for maximum flexibility, with ports spanning from 1 to 200GbE and port density that enables full rack connectivity to any. This is the next generation of modular Gigabit and Multigigabit Ethernet switches. The series provides enterprise-class Layer 2 and 3 switching, is designed for DNA Center and SD-Access management and automation, and includes an Enhanced Limited Lifetime Warranty (E-LLW). Looking for a. VERSITRON manufactures a wide range of fiber optic switches that provide links for your 10Base, 100Base, 1000Base Gigabit, and 10 Gigabit networks simultaneously. Various port sizes are available ranging from 4 up to 52 ports. Shop products from small business brands sold in Amazon's store.
