

Huawei Enterprise-Grade Dual-Optical Switch

Overview

Based on cutting-edge hardware and Huawei Versatile Routing Platform (VRP) software, the S5700 provides a large switching capacity, high reliability (double power slots and hardware Ethernet OAM), and high-density GE ports to accommodate 10 Gbit/s upstream transmissions. Huawei's comprehensive portfolio of products and solutions enables you to realize smooth digital transformation and rapid growth of virtualization, Big Data, and cloud services. Huawei switches already help customers achieve success in industries such as finance, Internet, retail, education. H3C UniServer R6900 G6 server, running a full load of 777 high-load virtual machines, achieved a performance score of 13,880 points, setting a new record. H3C's sub-brand Aolynk, designed specifically for SMB (small and medium-sized business) in global markets. Achieve non-blocking switching and zero packet loss in. Leave your details and we'll be in touch. Why Huawei Optical Terminal?

Huawei OptiXstar S600E is a miniature GPON SFP ONU device that can be inserted into the SFP port of a camera or AP.

Article Content

Campus Switches | Huawei Enterprise

Huawei campus switches are ideal for building future-proof campus networks with simplified management, high reliability, and service intelligence, across industries

Switches-H3C

Build a high-bandwidth, converged, intelligent, and trusted optical network platform. Support smooth evolution capability for the future. In recent years, the IoT has developed rapidly. For the

Huawei Enterprise Sx700 Series Switch Product

Huawei's advanced switching architecture permits rapid bandwidth expansion. The highly expansible backplane enables ports to be upgraded to a rate of 40 Gbit/s or 100 Gbit/s, and is compatible with

CloudEngine S5736-S Series Switches | Huawei Enterprise

CloudEngine S5736-S Series are switches designed for the Wi-Fi 6 era, featuring 24 downlink ports, four 10 GE uplink ports and one extended slot. Learn more.

CloudEngine S5732-H Series Hybrid Optical-Electrical Switches

Product Overview CloudEngine S5732-H series hybrid optical-electrical switch is brand-new full-10GE switch developed by Huawei for the Wi-Fi 6 era. The CloudEngine S5732-H builds on Huawei's

Dual-Uplink Solution for the Access Side

In the dual-uplink solution for the access side, two uplink optical ports on each access switch are added to an Eth-Trunk. This PEN networking solution is similar to the traditional Eth-Trunk networking, but

Huawei S5700-EI Series Switches Product Brochure

Product Overview The S5700-EI series gigabit enterprise switches (S5700-EI) are next-generation energy-saving switches developed by Huawei to meet the demand for high-bandwidth access and

Huawei CloudEngine S5535-S-V2 Series Hybrid Optical-Electrical Switches ...

Huawei CloudEngine S5535-S-V2 Series Hybrid Optical-Electrical Switches Brochure
Huawei CloudEngine S5535-S-V2 series hybrid optical-electrical switches are standard gigabit Ethernet

PEN Passive Aggregation Module

For dense-room scenarios such as education and healthcare, Huawei launched the high-quality simplified network solution, which supports both active and passive technologies.

Optisch-elektrischer Hybrid-Switch

Huawei CloudEngine S5732-H Series Hybrid Optical-Electrical Switch offer 2.4 Tbit/s switching capacity and long distance access for Wi-Fi 6 APs. [Learn more.](#)

S6720-54C-EI-48S-DC

You can connect a switch to a configuration terminal or network management workstation through the ETH management port to configure the switch locally or remotely.

Optical Terminal

Huawei's MiniFTTO solution provides dual-band Wi-Fi 6, enabling ultra-gigabit all-optical wired and wireless access anywhere. It supports visualized management

S5700 Series Switches Product Description (V200)

Product Characteristics Huawei S5700 series Ethernet switches are next-generation energy-saving GE switches designed to provide high-bandwidth access and Ethernet multi-service aggregation.

Huawei OptiXstar T823E-X

OptiXstar T823E-X is an industrial ONU with two XGS-PON ports and eight GE ports, with PoE++ support, designed for diverse industrial scenarios. [Learn more.](#)

Campus Switches

Huawei CloudEngine S5335-S-V2 series switches are developed based on next-generation high-performing hardware and software platform. CloudEngine S5335

Data Center Switches

Huawei campus switches offer high-performance, secure, and reliable switching for enterprises, governments, finance and manufacturing networks. [Learn more.](#)

S5320 Gigabit Ethernet Switches — Huawei products

The S5320 series gigabit Ethernet switches are energy-saving switches developed by Huawei to meet the demand for high-bandwidth access and Ethernet multi

Campus Switches

CloudEngine S6330-H Series Next-Generation Campus Switches CloudEngine S6330-H series all-featured 10GE switches are next-generation agile fixed

All Products and Solutions

Directory of Huawei enterprise IT infrastructure products, solutions, and services.

Huawei OptiXstar P613E-E ONU

Huawei OptiXstar P613E-E is an Optical Network Unit (ONU) designed for enterprise campus and video backhaul scenarios. It features eight GE ports that support
