

# Maldives Optical Cable

## Overview

The Maldives-Sri Lanka Cable (MSC), has successfully landed in the Maldives, connecting the coastal areas of Colombo to Hulhumale'. This cable is a system composed of a Wavelength Division Multiplexing (WDM) subsystem and 863-kilometer fibre optic cable. In addition to the cable investment, Google will be investing in creating two new connectivity hubs for the region. Maldives continues to witness significant imports of active optical cables, with top exporters being India, China, USA, Saudi Arabia, and Sri Lanka in 2024. The market concentration, as measured by the Herfindahl-Hirschman Index (HHI), remained high, indicating a competitive landscape. The main destination of Optical fibres and cables. Volza's Big Data technology scans over 2 billion import shipments on over 20 parameters to Buyers who are a perfect match and most likely to work with you.
