

Niton Handheld Fluorescence Spectrometer

Overview

The Niton™ XL5 plus mobile elemental analyzer is one of the world's smallest, lightest and most powerful handheld X-ray fluorescence spectrometers. The special combination of 5W X-ray tube and sensitive graphene detector enables highest count rates at best resolution. Have Questions?

Your favorites are now located within Lists. Select to save this product to a list. Low detection limits and. Compact and lightweight, the Niton™ XL2 portable X-ray fluorescence spectrometer allows you to perform basic measurements in an instant and directly in the field or in the workshop. It identifies and displays in less than 5 seconds the chemical composition of materials in a non-destructive way. Based on fundamental XRF physics—where primary X-rays excite atoms in a sample, inducing. Thermo Scientific Niton XRF analyzers are providing answers to mining companies around the world. Gold Jewelry comes in a large variety of alloys – literally 100's.

Article Content

Niton™ XL2 XRF Analyzer

Niton™ XL2 XRF Analyzer. Instantly identify materials for your analytical requirement, from scrap metal recycling to mining exploration and lead screening

Niton XL5 Plus Handheld XRF Analyzer FAQs

Explore FAQs on the handheld, portable XRF elemental analyzer Niton XL5, its capabilities and operational features for metals, material identification and other uses.

Resources for Niton Portable Analyzers

Learn how Niton XRF handheld analyzers bring the lab outside to the field. See how these versatile instruments are used across the globe for accurate, fast, elemental analysis. Written by an expert in

Thermo Scientific Niton XL5 Handheld Energy Dispersive X-Ray ...

Overview The Thermo Scientific Niton XL5 is a handheld energy dispersive X-ray fluorescence (EDXRF) spectrometer engineered for rapid, non-destructive elemental analysis in demanding industrial

Niton XL5 XRF Analyser | Portable Analytical

Discover the power of the Thermo Fisher Niton XL5, which allows the x-ray source and fluorescence detector to be closer to the sample.

Thermos Metal Tester: Der ultimative Test für Metallanalysen

Ein Thermos Metal Tester misst die Wärmeleitfähigkeit und Temperaturstabilität von Metallen, um deren Qualität und Eignung für spezifische Anwendungen zu beurteilen.

Niton XL5 Plus Handheld XRF Analyzer

Confidently perform elemental analysis with the Niton XL5 Plus handheld X-ray Fluorescence (XRF) analyzer. It delivers unprecedented performance even for

Niton™ XL5 Plus Handheld XRF Analyzer

Get unprecedented performance in handheld XRF analysis, even for lightweight elements. The Niton XL5 Plus is the lightest, smallest, most powerful handheld

Niton XL2 | Handheld XRF spectrometer for metals

Niton XL2, portable X-ray fluorescence analyzer analyzes the chemical composition of metals and alloys instantly and non-destructively.

X-Ray Fluorescence Analyzers

X-Ray Fluorescence Analyzers Instruments, devices, and accessories designed to facilitate accurate elemental analysis via x-ray fluorescence. Products are

Niton X-Ray Fluorescence Spectrometers

Niton X-Ray Fluorescence Spectrometers Niton handheld X-Ray Fluorescence Analysers can easily perform rapid, reliable and accurate ore sample analysis for

Thermo Scientific Niton x-ray fluorescence (XRF) analyzers

A culture of innovation and a distinguished history of breakthrough achievements define Thermo Scientific Niton x-ray fluorescence (XRF) analyzers purpose-built

Niton XL2 Plus Premium Handheld XRF Analyzer

Niton XL2 Plus Handheld XRF Analyzer – Wholesale Stock the Industry Standard in Portable Metal & Material Analysis. The Thermo Scientific Niton XL2 Plus is the go-to handheld XRF analyzer for

Niton™ XL5 Plus | Handheld XRF analyzer

The Niton™ XL5 Plus analyzer is the latest portable XRF spectrometer from Thermo Scientific. Small, powerful and ultra-lightweight, it provides accurate elemental

Niton™ XL3t | Portable XRF Spectrometer for Metal

The Niton™ XL3t portable XRF analyzer uses X-ray fluorescence method to analyze the chemical composition of materials. Thanks to its different modes, it can be

Resources for Niton Portable Analyzers

Access collateral, webinars, brochures, application notes, videos, infographics, ebooks, and more for Thermo Scientific Niton Handheld Analyzers for material identification and metal verification.

Niton™ XL3t GOLDD+ XRF Analyzer

Niton™ XL3t GOLDD+ XRF Analyzer. Achieve fast, accurate analysis of light elements without helium purging or vacuum pumps with handheld XRF analyzers.

Niton™ XL3t XRF Analyzer

Niton Handheld XRF Analyzers This video presents our Niton family of handheld XRF analyzers. It helps viewers understand what handheld XRF analysis can do

Niton Portable Analyzer Models

Review the many models of Thermo Scientific Niton portable XRF and LIBS analyzers for elemental identification and metal verification.

Thermo Scientific Niton XRF Analyzers

More than 30.000 Thermo Scientific Niton XRF analyzers are in use daily in more than 75 countries on six continents A dedicated network of more than 70 distributors and 30 factory-trained service

Premium Handheld XRF Analyzer – Niton XL2 Plus | Wholesale Only ...

Niton XL2 Plus Handheld XRF Analyzer – Wholesale Stock the Industry Standard in Portable Metal & Material Analysis. The Thermo Scientific Niton XL2 Plus is the go-to handheld XRF analyzer for

Niton Portable Analyzer Models

Fast, reliable elemental analysis with Niton Thermo Scientific Niton instruments utilize X-ray fluorescence spectroscopy (XRF), laser induced breakdown spectroscopy (LIBS), and Thermo

Niton XL3 XRF Handheld Analyser | Non-destructive

The Niton XL3 handheld XRF analyser combines purpose-built, proprietary electronics with an ergonomic design and easy-to-use software.

Mobile XRF spectrometer ⇒ Niton™ XL5 plus analyzer

The Niton™ XL5 plus mobile elemental analyzer is one of the world's smallest, lightest and most powerful handheld X-ray fluorescence spectrometers. The

Handheld XRF and LIBS Analyzer Selection Guide

Evaluate which hand held XRF analyzer is right for you. Compare Niton analyzers and features online.

Niton XL2 | Handheld XRF spectrometer for metals

Compact and lightweight, the Niton™ XL2 portable X-ray fluorescence spectrometer allows you to perform basic measurements in an instant and directly in the field or
