

Power Distribution Box 40

Overview

This robust and reliable Portable Power Distribution Unit (PDU) by worksite lighting is designed to deliver 40A, 120/208V AC across three phases. Its solid rubber, non-conductive enclosure ensures safety and durability, making it ideal for both indoor and outdoor applications. Press Home for minimum width and End for maximum width. Line side and load side number of connections are per pole. □IP44 DUSTPROOF POWER OUTLET BOX□The power distribution box is made of high-quality PC and ABS plastic materials, with an overall protection level of IP44, which can effectively block dust factors. You will benefit from the following features: Open Data Sheet Tell us your requirements and receive a proposal including a placement. As a power distribution unit, PDU provides stable and reliable power to IT racks on the outgoing side and is widely used in data centers. Four Pole Distribution Block TD-40A.
