

Price list for 144 fiber core optical cable

Overview

On average, the ****144 core fiber optic cable cost**** ranges from \$2 to \$6 per meter for standard single-mode cables without additional features. However, this price can go up to \$10-\$15 per meter when factoring in armored jackets, LSZH materials, or enhanced fiber. A 144-core fiber optic cable is a high-density solution designed for modern data transmission needs, where large volumes of data must be transferred quickly and reliably. The price and performance of these cables vary significantly depending on their type, construction, and application environment. Understanding these variables can help buyers make informed decisions and ensure they get the best value. The Corning Altos 144-Strand Fiber Optic Cable (Part Number: 144EU4-T4701D20) is built to meet the demanding requirements of outdoor and limited indoor installations for campus backbones and high-speed networks. A related GYTA type cable is available. Our comparison guide covers top distributor reliability, recent price shifts, and customization.
