

Standard Price of Foundation Pit Distribution Box

Overview

Each card includes specs, hours, unit prices, and totals. Materials: \$140; Labor: \$450; Permits: \$50; Delivery: \$25; Total: \$665. Homeowners typically spend several hundred to several thousand dollars for distribution box work in septic systems, depending on system size, material, and installation complexity. This guide outlines typical price ranges, how costs break down, and regional differences to help homeowners budget accurately. The distribution box cost encompasses not only the initial purchase. UNDERGROUND DISTRIBUTORS and SUPPLY SYSTEMS The underground systems are modern and practical solution for invisible, space-saving and efficient power distribution and power supply. Without it, wastewater would flood one section of the drain field while starving others, causing premature system failure.
