

Which company makes the best intelligent power distribution cabinets for offices

Overview

Here are six brands that are great in 2025: Schneider Electric uses smart technology for better control. DOHO Electric makes designs that save energy. Legrand has stylish and modular systems. Rockwell Automation gives strong digital integration. This essential component plays a critical role in overall data centre management, as it provides centralised power management and improved uptime. Rack-mounted Power Distribution Units (PDUs) have evolved from simple power strips into intelligent devices that offer remote management, real-time monitoring, and automated power. Managing and installing a rack power distribution unit (PDU) has never been easier than with the EL2P PDU. Designed to simplify deployment and take stress out of power distribution, this intelligent PDU helps reclaim valuable hours. Along side our significant feature list, global manufacturing, we pride ourselves on our customizations, post sale services and technical ability, we give. Introducing Rakworx's versatile Data Center Server Cabinet Portfolio, ranging from 24U to 52U in height and 600mm to 750mm in width, with depths from 1070mm to 1200mm.
